Change the world

Why MAIA?

Movement

Awareness

Inspiration

Action

These actions indicate the path to become a change agent in an increasingly complex world.

They can connect people to advance the SDGs (Sustainable Development Goals) set by the United Nations and transform the world.

Fundesplai (Fundación Catalana de l'Esplai)

is a non-profit organization established more than fifty years ago. It annually serves more than 250,000 people across Catalonia through different types of projects, among them after-school care, professionalization courses and outdoor activities centres for families.

We share with the United Nations and with many other civil society organizations the purpose of moving towards a world in which young people reach their full potential as agents of change.

Participants

People between 25 and 35 years old, with a personal trajectory that indicates investment in their communities as well as creativity and entrepreneurial attitude.

Where?

The training will be held at **Centre Esplai**, in El Prat de Llobregat (Barcelona), where Fundesplai's headquarters are located, as well as a hostel, a restaurant, auditoriums, classrooms and other facilities.

The building was designed and built according to sustainable standards and has received the BIOSPHERE certification for sustainable tourism and the EMAS certification for environmental improvement.
